## **GUTTER CLEANING SET**

1. Assemble pole and attach gutter rake.

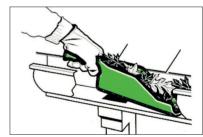

1.

 Insert one of the flat sides of the gutter rake into the debris and pull toward you.
(Tip: For very full gutters, start with leaves near you and work out.)

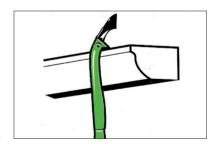

2.

3. Scoop the debris out. (Gutter Getter Scoop sold separately, Art.-No. 00450000.)

3.

4. Gutter rake hooks onto the lip of the gutter while you are repositioning the ladder.
